

Organisation: Promenades Brightest Future

Aim: Promenades Brightest Future is a group, set up by the parents of Promenade Court in the City, that provides children in the area and their relatives a safe clean environment to participate in various sporting and craft activities.

They believe socialising with other children is a key part of growing up and pairing this with mental and physical exercise can only be beneficial to the young people in this area. Their aim is to continue to provide the children's support service and hold activities and outings for the children.

Bursary amount: £1,000

Spend: The children have enjoyed ski and tubing lessons at the Aberdeen Snowsports Centre. The money received has also gone towards swimming lessons.
